

GRS Graffiti Remover - Sensitive Surfaces

GRS has been specially formulated for the quick and efficient removal of felt tip pens, permanent markers, ball point pen ink and most paints. Removes from many different types of surface including glass, plastic, painted metalwork, brickwork and wooden surfaces; it is ideal for sensitive surfaces.

- Compatible with most plastics and metals
- Removes graffiti from porous and non porous surfaces
- Pleasant light odour
- Contains non chlorinated solvents
- Effective and economical in use

Typical Properties

Form:	Light, colourless, organic liquid
Flash Point:	< 0°C
Odour:	Characteristic

<u>Description</u>	<u>Packaging</u>	<u>Order Code</u>	<u>Shelf Life</u>
Graffiti Remover – Sensitive	400ml aerosol	GRS400	48 Months

Directions for Use

Particularly effective in removing graffiti from non-porous sensitive surfaces, such as plastics, vinyls and laminates. Product contains a mixture of oils and hydrocarbon solvents and is propelled by butane; should be kept away from naked flames and heated surfaces.

Shake well before use. Spray aerosol onto dry surface from a distance of 10 – 30 cm, depending on width of spray required. Gently rub softened ink or paint with a cloth and repeat procedure if required.
